

Model: A-666
Meter Twister Seal

Anti-tampering plastic twister seal used with plastic coated wire

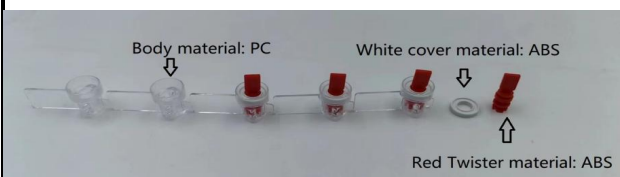

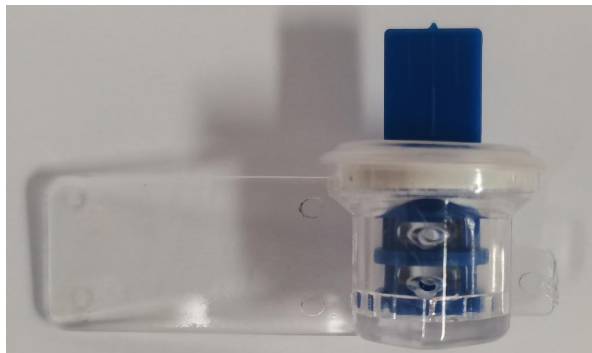

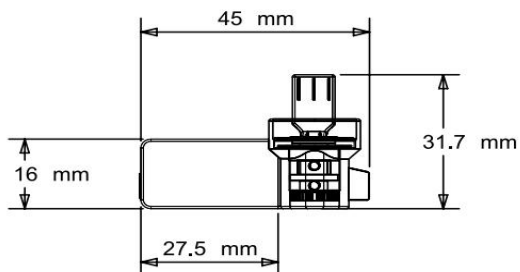

Available as...

STANDARD ITEM FROM STOCK:

Plain seal

CUSTOM ORDERED ITEM

Printed, Numbered, All Colors, Bar/QR Code

DESCRIPTION:

Wire security seals are perfect to be used on galvanized wire and/or plastified wire and they're frequently used in the refinery and oil distribution sector.

The instructions to close are simple: pass the plastic coated wire through two holes in the plastic body and press plunger by hand until it clicks, then break off the twister head. Before remove the twister seal, need to check if there is any tamper evidence.

If stalled with 0.7mm wire, the tensile strength is about 55kgs

PRODUCT SIZE:

Total length 45mm, Total height 31.7mm, and Total width 16mm

Tag size: length 27.5mm & height 16mm

Wire length can be customized

Wire dia: 0.68mm

MATERIAL: Body material: PC Plastic

Twister material: ABS Plastic

Cover material: ABS Plastic

PC material heat resistant temperature: 120-130°C

ABS material heat resistant temperature: 80-90°C

PRINTING: Laser printing

Customer's company name logo, Sequential numbers

COLOR: Red/Orange/Yellow/ Green/ Blue/White
Customized color

PACKING: 1,000pcs/Carton

CARTON DIMENSION: 33*26*21.5cm

G.W. PER CARTON: 4.7kgs

APPLICATION: Electricity meters, gas meters, water meters and many other industrial meter applications

ADVANTAGES:

- 5 pcs joint more easily to find the serial number.
- Different colours for coding and easy identification.
- Avoids re-insert and replacing of sealing wire.
